

- CURRICULUM VITAE -  
**DAGMĀRA PĒTERSONE**

I define myself as a young architect with an interest in sustainability and passion for creating livable environment for people. Architecture form me is about creating spaces that affect people and their behavior and learning in healthy and positive way. For me it is important to include users and inhabitants opinions while designing, as well as cultural heritage factor. I believe that my background gives me a unique ability and approach to create diverse works of art.
